Hi James,

I'm emailing you to let you know that I have gone through the long process of registering MSOE Libertarians as an official student organization at the Milwaukee School of Engineering in Milwaukee, Wisconsin. MSOE is a small private college - small in student enrollment and physical size as the second smallest campus in the state. Still, our graduates have the highest starting salary in the state and 96% are employed upon graduation.

We would love to be listed on lp.org and our information is as follows:

Thank you for your time,
