Hi all,

I added my comments to constitution. Overall, most of the comments are suggestions, so we can still move forward on the approval process. I will be looking at the doc over the next 12 hours and will help to make changes as needed.

Because I spotted some structural problems with the constitution, I have attached a copy of the AI club's constitution, which has a good structure. This is also a good example of a flexible constitution and I would recommend looking at it to see if it can help you.

See you at the meeting!

Thanks,

Joshua Wankowski

**Subject:** MSOE Libertarians Constitution

Hi Josh,

Have you had a chance to look at our constitution yet? We intend to present at the SGA Meeting tomorrow.

For your convenience, the document is [here](#).

Thanks,  
John Bilkey  
President of MSOE Libertarians
